Nova Noah

Doctor Octopus has broken into Space Works and is trying to steal their newest invention.

No one can stop me!

Oh, now you've
hurt my feelings,
Ock!

SKRAAASH!

Spider-Man! You webbed
worm! You can't stop me
this time.

Don't forget
about me, Ock.

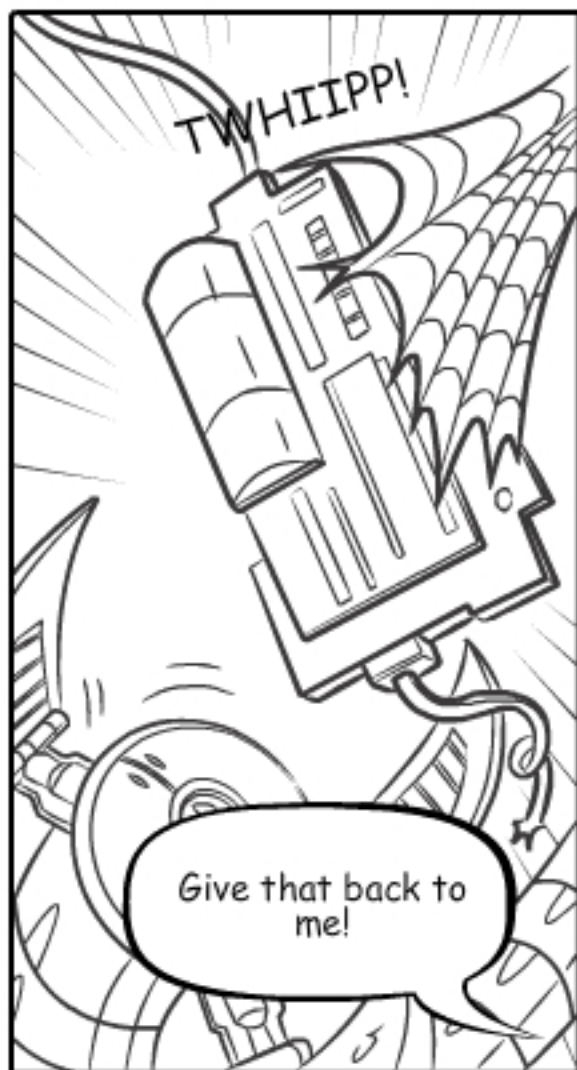

Nova Noah! You'll be
sorry you meddled with
Dr Octopus!

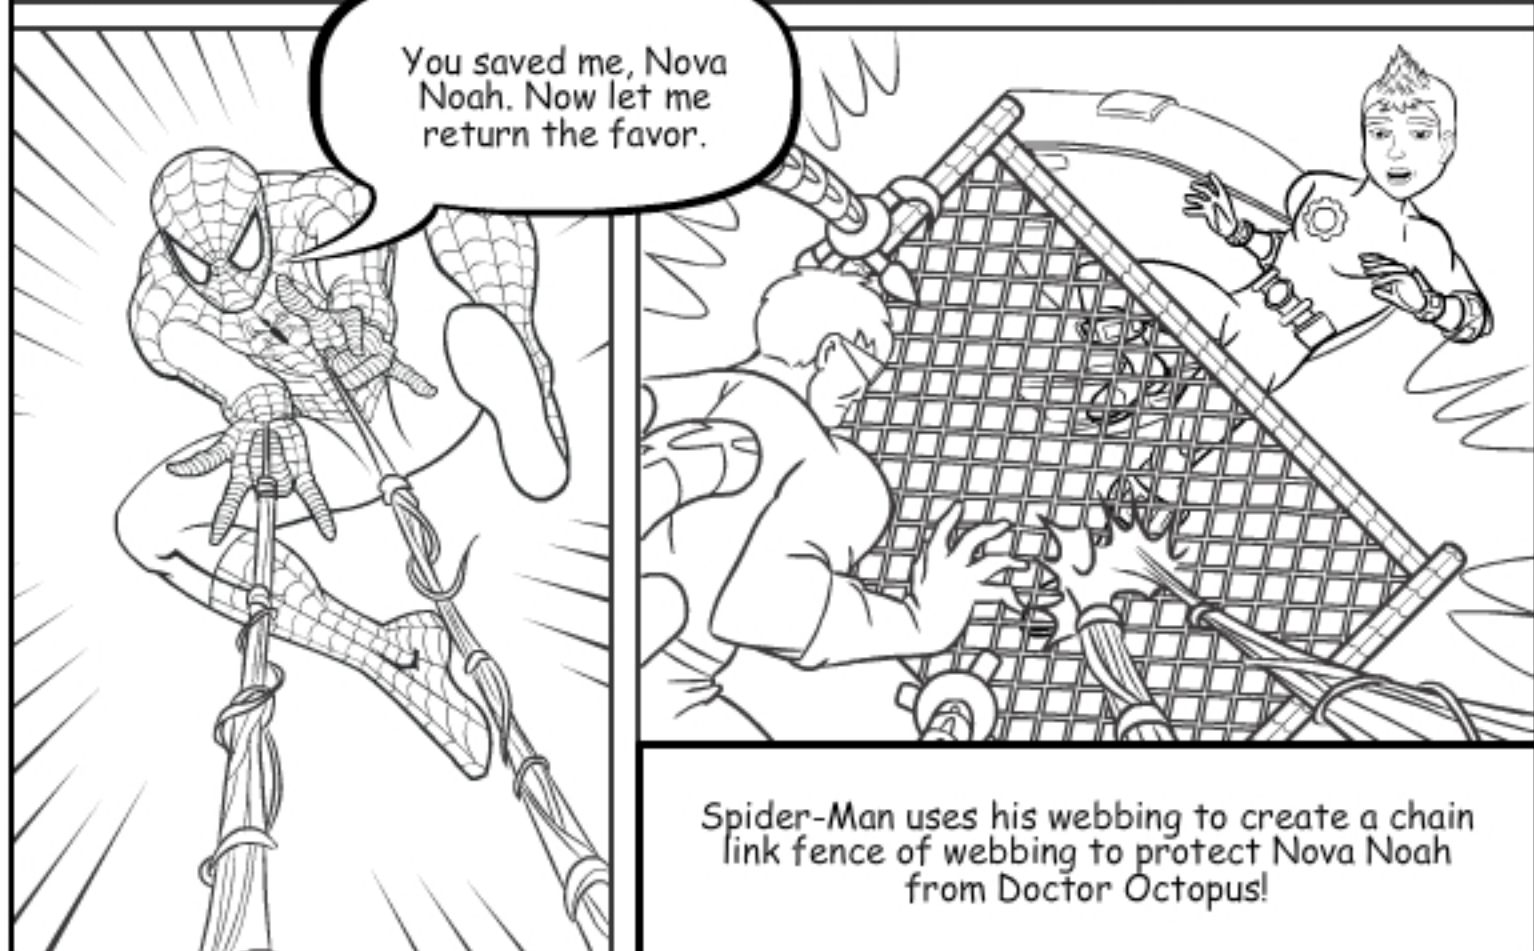

Uh... we're super
heroes, Doc.

Yeah, outsmarting
bad guys is our
job!

How did you learn
my plans?

Spider-Man uses his webbing to create a chain link fence of webbing to protect Nova Noah from Doctor Octopus!

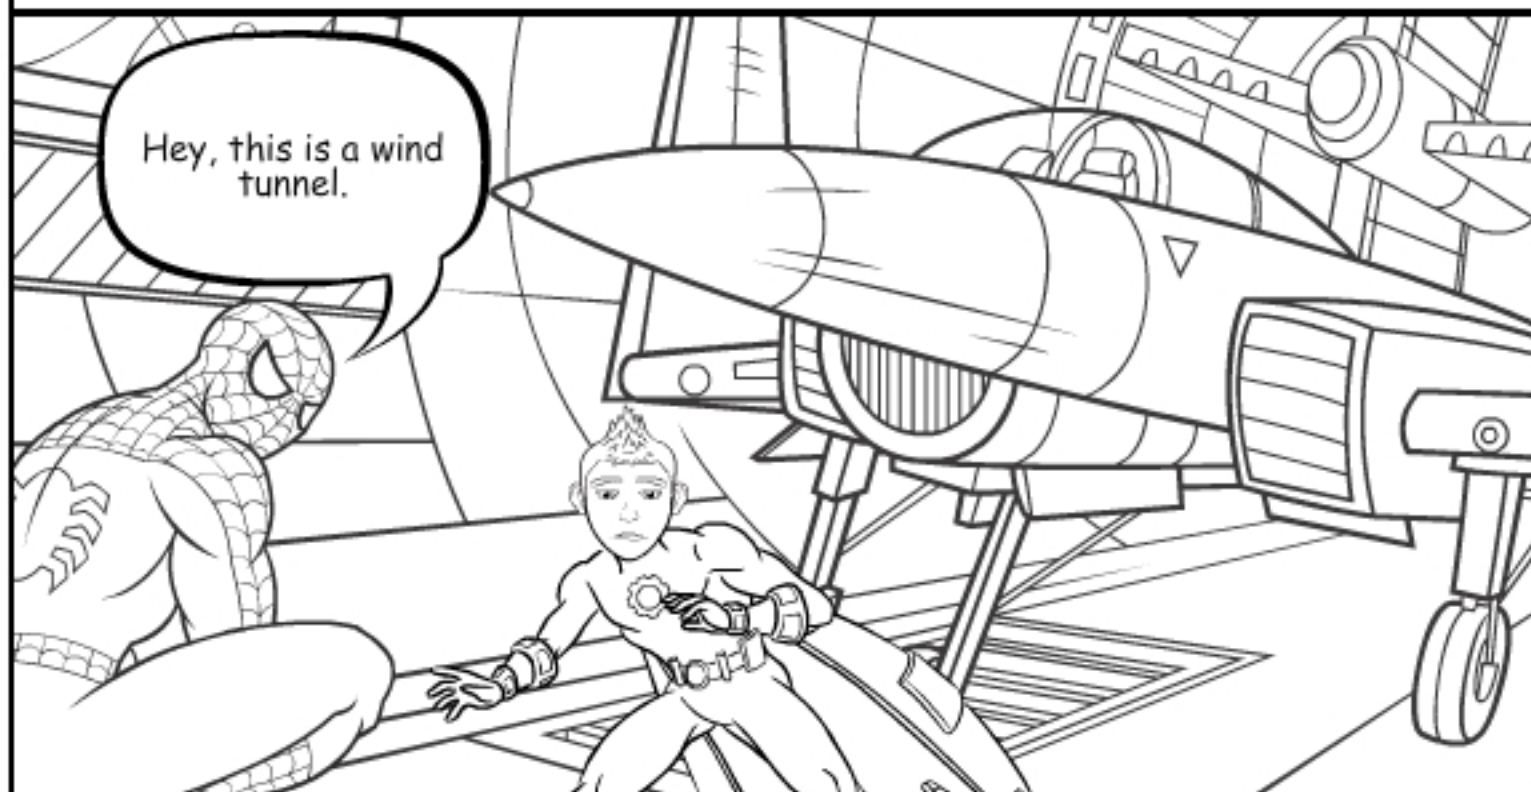

RRRIIPPP!

He is cranky today.
Maybe he skipped
breakfast.

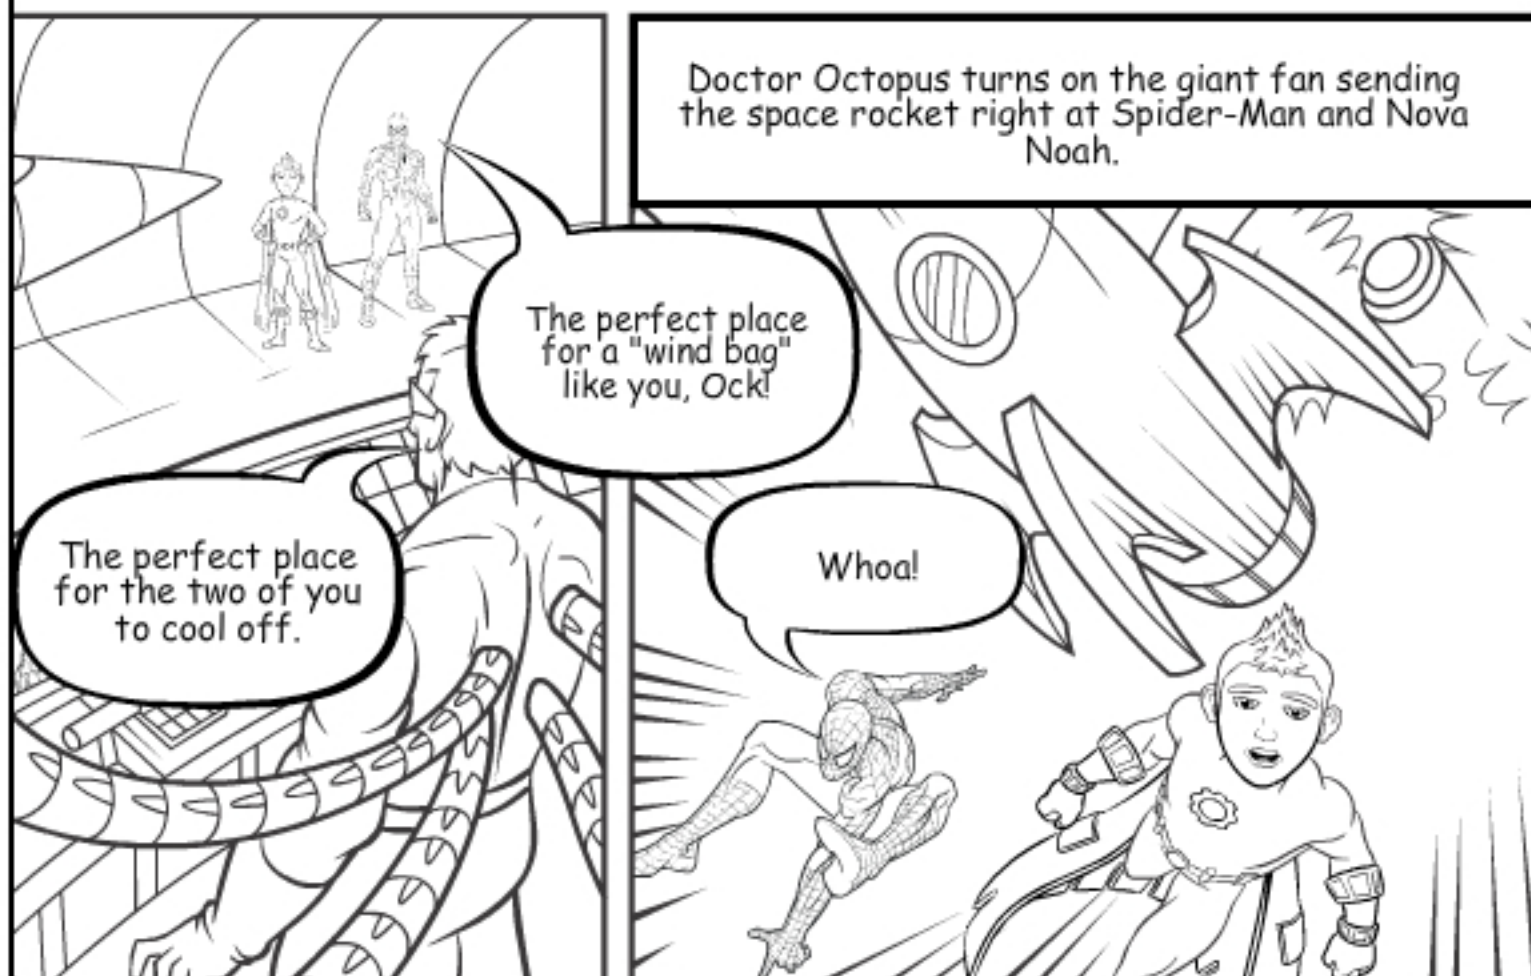

Joke all you want. I will
have the last laugh.

So much for
slowing him down.

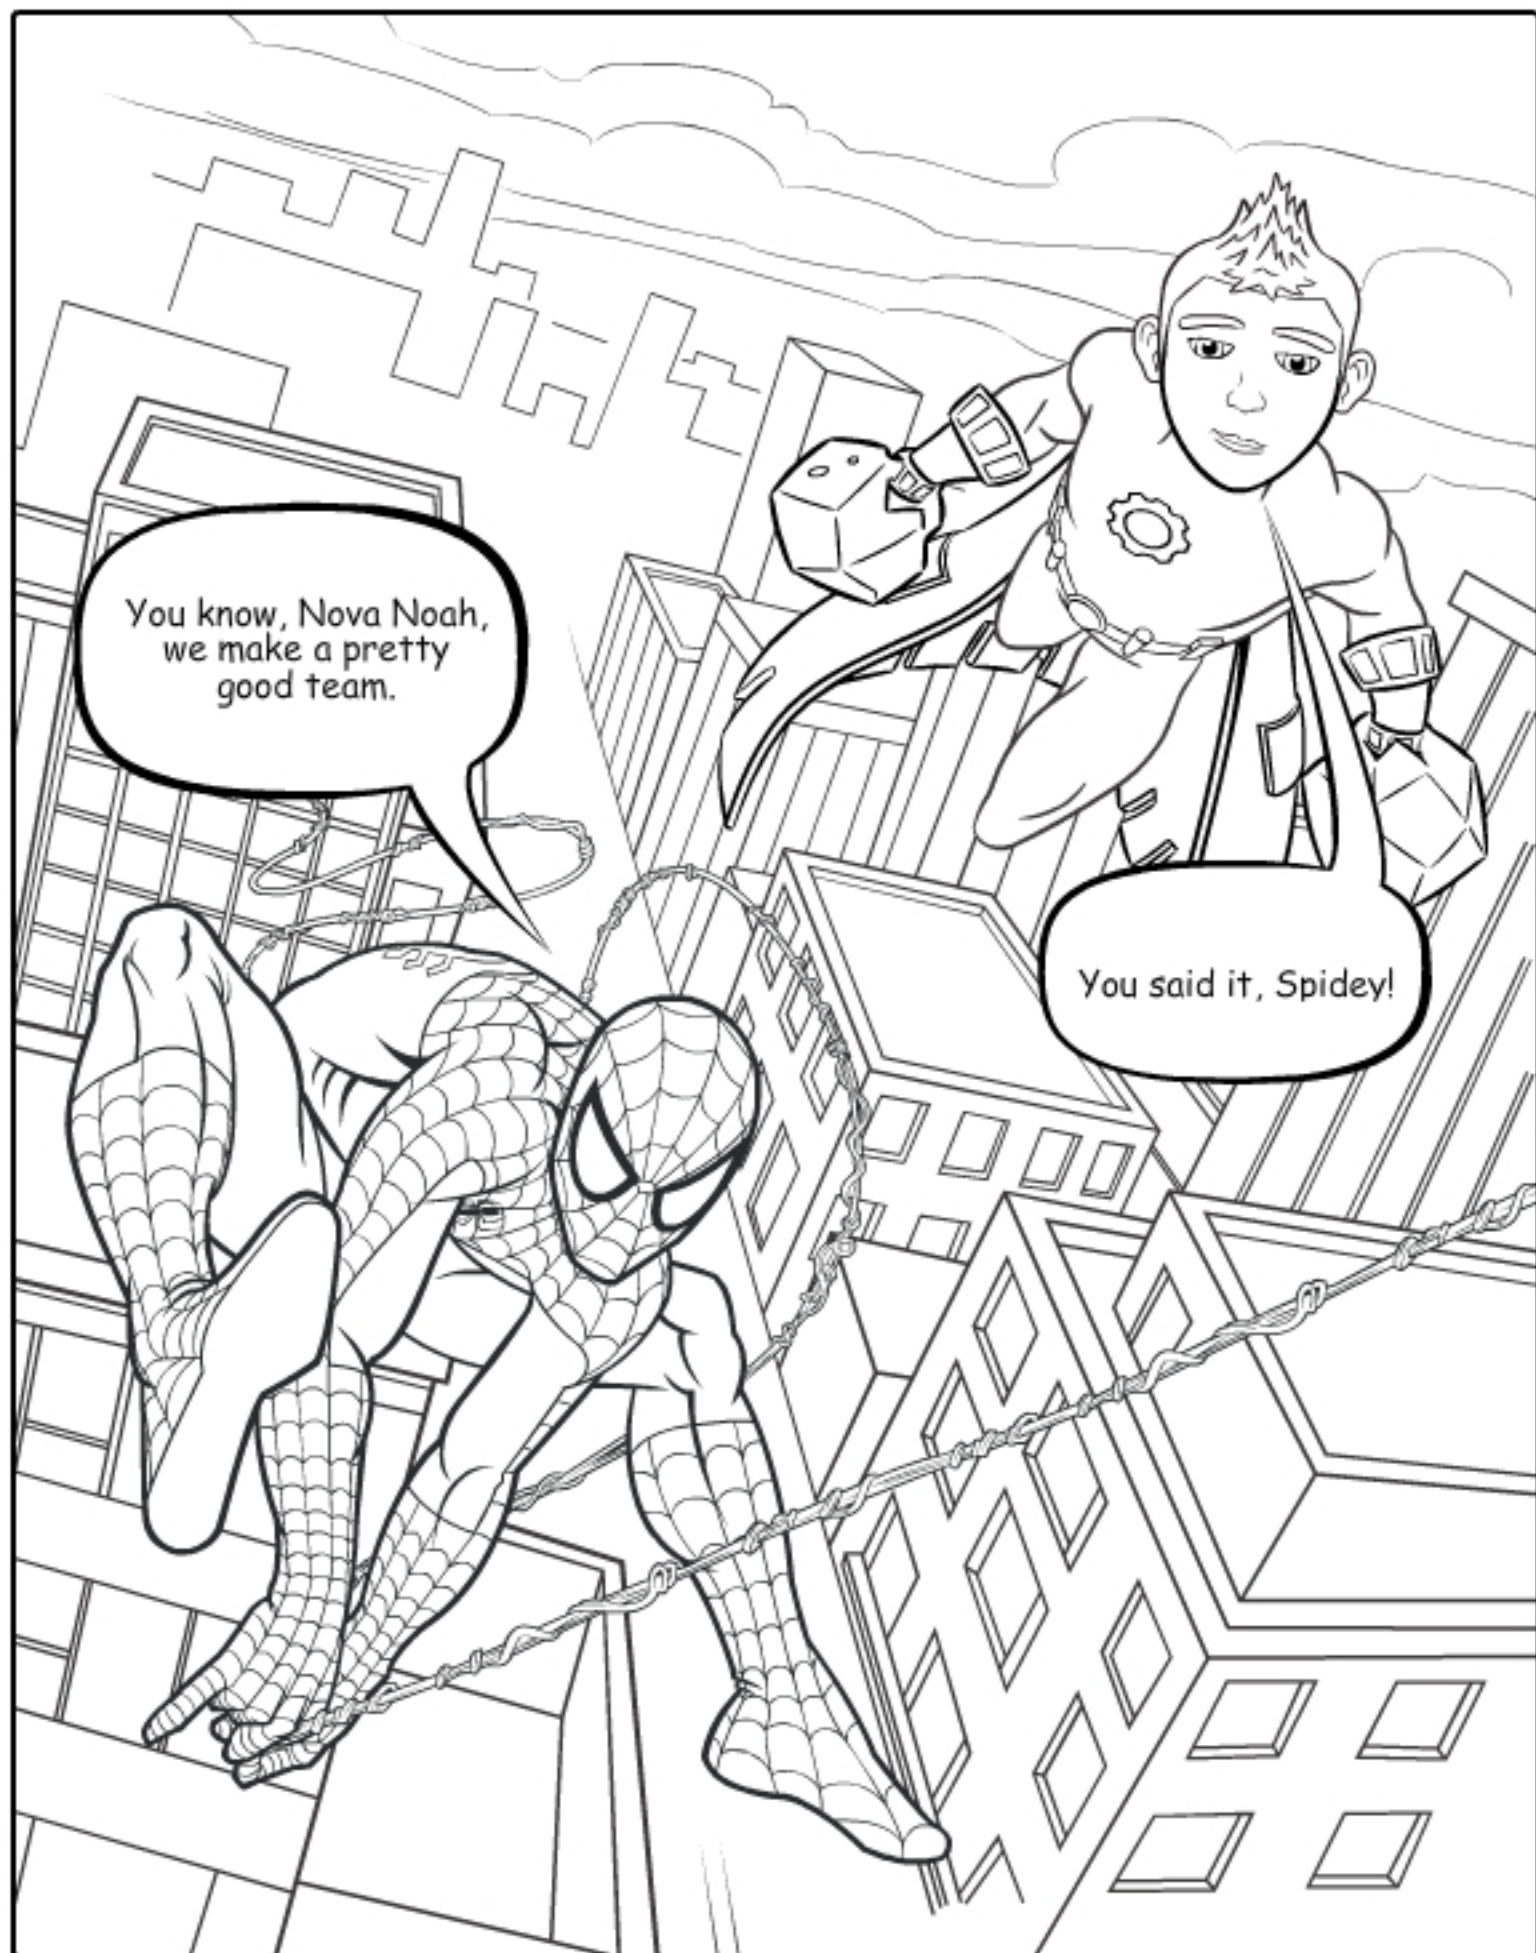

Spidey and Nova Noah find themselves in the Space Works lab where new aircraft are tested.

Doctor Octopus turns on the giant fan sending the space rocket right at Spider-Man and Nova Noah.

You know, Nova Noah,
we make a pretty
good team.

You said it, Spidey!
